

Curriculum Vitae

Rusong LI

Mr. Li Rusong is Programme Director of Carbon Disclosure Project (CDP) China. CDP is a international, not-for-profit organization, working with thousands of companies all over to world to tackle climate change and environmental pollution.

Mr. Li Rusong leads CDP's work in China. Prior to joining CDP, Rusong worked with UNICEF as a Water, Environment and Sanitation Specialist in Beijing, gained more than five years of work experience with UNDP as Energy and Environment program manager, and was a Science Manager at the British Council Beijing office. For several years he was a civil servant for the local EPB (Environmental Protection Bureau) in Anhui province, working on water pollution and prevention programmes. Rusong's academic background is in Biology, History of Natural Sciences and Environmental Change and Management.
